PROFILE

Profile Info

I am a dynamic Web Developer with two years of experience, dedicated to creating efficient, scalable, and user-friendly web applications. I excel in writing reusable code using modern technologies like Vue.js 3, Nuxt.js, React, and Tailwind CSS, while solving complex problems with a can-do attitude. With experience in front-end and back-end development, as well as database management and API integration, I am highly organized and deadline-driven. I thrive in both team collaboration and independent work, demonstrating excellent communication skills and a passion for staying up-to-date with the latest trends and technologies in the field.
